Dear Ms. Santiago:

Thank you for responding so promptly to my request that information about the Keystone Landfill Superfund Site be forwarded to PACE, an organization of concerned Maryland citizens.

It is my understanding that the April 1992 Draft of the Remedial Design Work Plan is the most current available. As this plan is amended or updated, please continue to keep PACE and my office posted. And as soon as it is available, please forward a copy of the Work Plan for the RI-FS being prepared by the PRP's to both PACE and my Baltimore office.

I also understand that you will be going to Silver Run, Maryland on March 29 to brief PACE on EPA's progress and plans, and to answer any questions that they may have. I am pleased that you are following up on this, and expect that this will lead to regular meetings so that you and the EPA team can continue to expand efforts to seek community involvement and to keep the community informed.

Sincerely,

Barbara A. Mikulski
